

MyDaSession::print

```
graph LR; A[MyDaSession::print] --> B[SoftingOPCToolboxClient  
::DaSession::getSupportedOpc  
Specification];
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'MyDaSession::print'. The right box is gray with a black border and contains the text 'SoftingOPCToolboxClient' on the first line, '::DaSession::getSupportedOpc' on the second line, and 'Specification' on the third line.

SoftingOPCToolboxClient
