

SODmCDlgOptions::onCmOff

OTCActivateConnectionMonitor

SOClTServer::removeConnection
Monitor

```
graph LR; A[SODmCDlgOptions::onCmOff] --> C[SOClTServer::removeConnection Monitor]; B[OTCActivateConnectionMonitor] --> C;
```

The diagram illustrates a dependency or call relationship. On the left, two white rectangular boxes with black borders contain the text 'SODmCDlgOptions::onCmOff' (top) and 'OTCActivateConnectionMonitor' (bottom). On the right, a larger gray rectangular box with a black border contains the text 'SOClTServer::removeConnection Monitor'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both functions on the left call or depend on the function on the right.
