

ServerDANode::~~ServerDANode

ServerDATag::~~ServerDATag

ServerDAAddressSpaceElement
::destroy

```
graph LR; A[ServerDANode::~~ServerDANode] --> C[ServerDAAddressSpaceElement::destroy]; B[ServerDATag::~~ServerDATag] --> C;
```

The diagram illustrates a shared resource or function. On the left, two white rectangular boxes represent destructors: 'ServerDANode::~~ServerDANode' (top) and 'ServerDATag::~~ServerDATag' (bottom). On the right, a gray rectangular box represents a shared function: 'ServerDAAddressSpaceElement::destroy'. Two blue arrows point from the right side of each destructor box to the left side of the gray box, indicating that both destructors utilize this shared destroy function.
