The diagram illustrates a mapping or inheritance relationship. On the left, two white rectangular boxes with black borders contain the method names 'daBrowse.OpcClient.getServiceName' and 'daConsole.OpcClient.getServiceName'. On the right, a gray rectangular box with a black border contains the target method 'com.softing.opc.client.api.Application.getServiceName'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both source methods are associated with or delegate to the target method.
