

C++/samples/client
/DABrowse_DA20/StdAfx.h

```
graph TD; A["C++/samples/client  
/DABrowse_DA20/StdAfx.h"] --> B["afxwin.h"]; A --> C["afxext.h"]; A --> D["afxdtctl.h"]; A --> E["afxcmn.h"];
```

The diagram illustrates the inclusion relationships of the StdAfx.h header file. A central box at the top represents the file C++/samples/client/DABrowse_DA20/StdAfx.h. Four blue arrows point downwards from this box to four separate boxes below it, each representing an included header file: afxwin.h, afxext.h, afxdtctl.h, and afxcmn.h.

afxwin.h

afxext.h

afxdtctl.h

afxcmn.h
