

Session.MySession.Disconnect
Session

```
graph LR; A[Session.MySession.Disconnect<br/>Session] --> B[lock]
```

The diagram consists of two rectangular boxes connected by a blue arrow. The left box is gray with a black border and contains the text 'Session.MySession.Disconnect' on the top line and 'Session' on the bottom line. A blue arrow points from the right side of this box to the left side of a second box. The second box is white with a black border and contains the text 'lock'.
