

C++/samples/client
/OPCEnumerate/StdAfx.h

```
graph TD; A["C++/samples/client  
/OPCEnumerate/StdAfx.h"] --> B["afxwin.h"]; A --> C["afxext.h"]; A --> D["afxcmn.h"];
```

The diagram illustrates the include relationships for the file StdAfx.h. A central box at the top represents the source file, and three arrows point downwards to three separate boxes representing the files it includes: afxwin.h, afxext.h, and afxcmn.h.

afxwin.h

afxext.h

afxcmn.h
