The diagram illustrates the relationship between three C++ files. At the top is a header file, 'C++/samples/client /OPCEnumerate/OpcEnumerate Dlg.h', contained within a grey box. Below it are two source files: 'C++/samples/client /OPCEnumerate/OpcEnumerate.cpp' on the left and 'C++/samples/client /OPCEnumerate/OpcEnumerate Dlg.cpp' on the right, both in white boxes. Two blue arrows point from the source files up to the header file, indicating that both source files include this header.
