

CGridCellCheck::Draw

CGridCellCheck::OnClick

CGridCellCheck::GetCheck
Placement

```
graph LR; A[CGridCellCheck::Draw] --> C[CGridCellCheck::GetCheck Placement]; B[CGridCellCheck::OnClick] --> C;
```

The diagram illustrates a dependency or call relationship. On the left, two white rectangular boxes with black borders contain the text 'CGridCellCheck::Draw' (top) and 'CGridCellCheck::OnClick' (bottom). On the right, a larger gray rectangular box with a black border contains the text 'CGridCellCheck::GetCheck Placement'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both 'Draw' and 'OnClick' methods rely on or call the 'GetCheck Placement' method.
