

`_tmain`

```
graph LR; A[_tmain] --> B[startHandleRequestsThread];
```

A flow diagram consisting of two rectangular boxes connected by a blue arrow. The first box on the left is white with a black border and contains the text `_tmain`. A blue arrow points from the right side of this box to the left side of a second box. The second box is gray with a black border and contains the text `startHandleRequestsThread`.

`startHandleRequestsThread`
