

C++/samples/client  
/DAConsole\_MultiThread  
\_dataFEED/OpcClient.h

```
graph BT; A["C++/samples/client /DAConsole_MultiThread _dataFEED/Console.cpp"] --> C["C++/samples/client /DAConsole_MultiThread _dataFEED/OpcClient.h"]; B["C++/samples/client /DAConsole_MultiThread _dataFEED/OpcClient.cpp"] --> C;
```

This diagram illustrates the relationship between three C++ files. At the top is a header file, `OpcClient.h`, which is included by two source files below it: `Console.cpp` and `OpcClient.cpp`. The header file is highlighted with a gray background, while the source files have white backgrounds. Blue arrows point from each source file to the header file, indicating the direction of inclusion.
