The diagram illustrates a data flow or dependency. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'MyTransaction::handleRead Requests' and the bottom box contains 'MyTransaction::handleWrite Requests'. On the right, there is a gray rectangular box with a black border containing the text 'MyDaAddressSpaceElement::setCachedValue'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box. The top arrow starts from the right side of the top white box and points to the upper portion of the gray box. The bottom arrow starts from the right side of the bottom white box and points to the lower portion of the gray box.
