The diagram illustrates a file dependency structure. At the top is a header file, 'core/src/SOXpS/SOXpSEntry.h', enclosed in a grey box. Below it are two source files: 'core/src/SOXpS/SOXpSEntry.cpp' on the left and 'core/src/SOXpS/SOXpSMain.cpp' on the right, both in white boxes. Two blue arrows point from each source file up to the header file, indicating that both source files include or depend on the header file.
