

CGridDefaultCell::CGridDefaultCell

CGridCtrl::OnSetFont

CGridDefaultCell::SetFont

```
graph LR; A[CGridDefaultCell::CGridDefaultCell] --> D[CGridDefaultCell::SetFont]; B[CGridCtrl::OnSetFont] --> D;
```

The diagram illustrates two callouts pointing to a target function. The first callout, 'CGridDefaultCell::CGridDefaultCell', is a white box with a black border. The second callout, 'CGridCtrl::OnSetFont', is also a white box with a black border. Both callouts have blue arrows pointing to a gray box with a black border labeled 'CGridDefaultCell::SetFont'.
