

Timer

```
classDiagram
    class Timer
    class CustomTimer["DemoClient.DockWindows.Main Window.CustomTimer"]
    CustomTimer --|> Timer
```

The diagram illustrates an inheritance relationship. A light gray box at the top is labeled 'Timer'. Below it is a darker gray box containing the text 'DemoClient.DockWindows.Main Window.CustomTimer'. A blue arrow points from the top of the darker box up to the bottom of the 'Timer' box, indicating that CustomTimer inherits from Timer.

DemoClient.DockWindows.Main
Window.CustomTimer
