

DataEvent::DataEvent

DeviceEvent::DeviceEvent

SoftingOPCToolboxServer  
::AeEvent::getAttributeValueList

```
graph LR; A[DataEvent::DataEvent] --> C[SoftingOPCToolboxServer::AeEvent::getAttributeValueList]; B[DeviceEvent::DeviceEvent] --> C;
```

The diagram illustrates a relationship between two event classes and a server method. On the left, there are two white rectangular boxes with black borders. The top box contains the text 'DataEvent::DataEvent' and the bottom box contains 'DeviceEvent::DeviceEvent'. Blue arrows point from the right side of each of these boxes to a single gray rectangular box on the right. This gray box contains the text 'SoftingOPCToolboxServer' on the top line and '::AeEvent::getAttributeValueList' on the bottom line.
